

the SILENCER™

PRODUCT INFORMATION SHEET

Indication for Use:

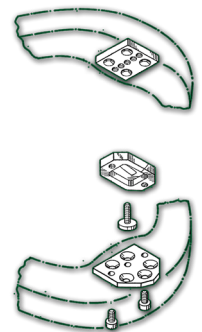

Treatment of Snoring & Sleep Apnea.

Features:

- Titanium Halstrom Hinge™
- Micro 1mm adjustability including vertical opening
- Patented Lateral Movement for Comfort
- Simple & Precise Incremental Advancement
- Long Term Performance 4yr+ Avg. Service Life
- 5 Year Warranty - Titanium Halstrom Hinge™

The unique features of The Silencer® with the patented **titanium** Halstrom Hinge™ maximize patient comfort, deliver optimal treatment results, and satisfy true long term treatment objectives. These features provide a level of precision, adjustability, and durability that cannot be achieved with springs, gears, or elastic / plastic connecting parts. Over long term wear all oral appliances will experience breakage. During any failure of the connecting mechanism of the Halstrom Hinge™ **no parts are able to come loose and create a risk of aspiration**. This is a truly unique patient safety feature of The Silencer®.
